April the 26th 1971 .

Dear Jean Christophe Ammann ,

Here is our design for the  
catalogue .

The cover is the title .

The first right hand page is the verse .

Then next comes the series of photographs .One on each  
right hand page from number 3 to 36, with the title under  
each one . It is totally important that the photos appear  
in perfect order and in exactly the same position each time.  
The result is a flicker book .

After this come the two articles, and advertisments if you  
have to have them . The articles we decided not to have  
set here , so just type them out nicely .

Any problems, just telephone us .

Invitation card design enlosed , just insert Luzern .

With Very Best Wishes to You from

*Gilbert and George*
